

About CMREC:

CMREC was Established in 2010 in a vast area of 10 acres and a built up area of 16258.032 Sq.m. The college is affiliated to JNTU Hyderabad and is approved by All India Council for Technical Education, New Delhi.

CMR Engineering College (CMREC) is situated on Hyderabad – Nagpur highway(NH7), tucked away from the hustle and bustle of the city and possessing halcyon surrounding. The college is an urban green lung with awe inspiring Wi-Fi enabled infrastructure, well ventilated classrooms, laboratories to foster technological skills, and libraries where books span time, space, culture and genre. To aid the process of learning we have a state-of-art auditorium where various events are conducted to showcase the creative flair of the students. As a provision for physical fitness, the college also has a sports field and indoor stadium.

CMREC was started with 240 seats with the Bachelor Degree in Engineering Programme, the institute has intake of 720 by offering three Under Graduate Courses in ECE, CSE and MECH and Post Graduate Courses in CSE, ES, VLSI, & TE. CMREC's rich campus is distinctively different from other college campuses across Hyderabad because of the dynamic community of supportive peers, caring and mentoring professors, and friendly staff who work here with commitment. It is an ideal setting for scholastic dedication, pleasant interaction and unbounded pragmatic exploration.

Department of CSE

Vision

- To produce globally competent and industry ready graduates in Computer Science & Engineering by imparting quality education with a know-how of cutting edge technology and holistic personality

Mission

- To offer high quality education in Computer Science & Engineering in order to build core competence for the graduates by laying solid foundation in Applied Mathematics, and program framework with a focus on concept building
- The department promotes excellence in Teaching, Research, and collaborative activities to prepare graduates for professional career or higher studies
- Creating intellectual environment for developing logical skills and problem solving strategies, thus to develop, able and proficient computer engineer to compete in the current global scenario

About the Workshop

Adobe Photoshop is the industry-standard tool for digital imaging, which makes Photoshop expertise a valuable commodity in the workplace. The Objective of this workshop is to introduce basic Photoshop features and concepts so that you can use the program effectively. By the time you complete this module, you should be able to use Photoshop to open files and scan images, move around images using navigation tools, understand basic imaging concepts, do basic image editing, and prepare images for print and online presentations

Resource Persons

Mr. Punit Reddy, UI Designer,
Webcognize Softech Pvt.Lmtd.

Program Schedule

Session Starts at : 09:00 AM

Session Ends at: 4:00 PM

REGISTRATION FEE

Registration Fee : Rs/- 500

IMPORTANT DATES

Registration On or Before : 4th July 2017

Three-Day Workshop On “Adobe Photoshop”

8th & 10th July 2017
