

About the Institution

CMR Engineering College is the brain child of the clairvoyant Ch. Narasimha Reddy. It is one of the best engineering colleges for aspiring engineering students. All Departments accredited with NBA and established in 2010 in 10 Acres and built up area of 4,785.78 Sq.m with a single minded aim to provide a perfect platform to students in the field of Engineering, Technology for their academic and overall personality development. The college has a very good academic activity focuses for the campus placement. The college is approved by the All India Council for Technical Education, New Delhi and is affiliated to JNT University, Hyderabad. CMREC is offering three under graduate courses in ECE, CSE and MECH and post graduate courses in ECE and CSE & ME.

Program Objective

As a part of an effort from Department of Electronics & Communication Engineering, CMREC, to enrich the quality of faculty in the area of Communication Engineering, a series of Faculty Enrichment Programs covering all aspects of the topic is planned. During the 2017 summer vacation, the first of the series on the Fundamentals of Communication Engineering is scheduled on the 3rd July to 8th July 2017, which expects to deliver an exhaustive coverage and deep insight along with its relevance in the current technology scenario.

The course will enable the faculty to establish a solid foundation on the subject, subsequently leading towards improvement in the quality of Engineering subjects & advanced courses.. During this one week, reputed academicians are expected as resource persons.

About the Department

Our department was established in 2011 with UG programme B.Tech in ECE with an intake of 120 students, it was increased to 180 in the year 2012 and in the year 2013 the intake was increased to 240 students.PG programmes with M.Tech in Embedded Systems with an intake of 24 students was introduced in the year 2012 and VLSI System Design with an intake of 24 students was introduced in the year 2013. Department of ECE accredited for 3 years.
