

A REPORT ON
One day Industrial Visit to
“MTE Industries”

Introduction to Company:

MTE very well understands the contemporary needs of the industry and delivers the best to the customer. MTE always focuses on Customer Delight and have been delivering the right product at the right price. The combination of experienced machine tool designers, one of the best machine tool manufacturing facilities and dedicated application/service team helps us achieve our commitment to the industry. The innovative technology, desired quality and reliability in the products is what MTE gives to its customers. The collaboration with M/S Escofier SAS, France for the manufacture of few products marks the presence of MTE in the world map. Infrastructure MTE has evolved to be one of the best machine tool building facilities in India. All the critical parts are made in-house to ensure the precise quality in products we deliver Quality Control. A separate Standards room with all the essential instruments and stringent quality management systems assure the customer, a reliable product from MTE team. The team at MTE amalgams experienced Design engineers, manufacturing engineers and application engineers. With this forte, a customer who steps in will highly recommend our services. Our technical support offers customers an interactive and in-depth resource.
